

ZERO Syrup is a lab-tested zero-calorie syrup that is 100% sweetened with Sucralose(don't push this too hard- Sucralose can be a weak point if we call it safe, people will be concerned that we even had to call it safe)(derived from Sucrose) and tastes better than Stevia since it isn't bitter and disappears into your coffee or cocktail. It is safe(in certain amounts) for all ages and pregnant women. ZERO Syrup has thousands of happy customers praising it for its unprecedented resemblance to the taste of Sugar but without any calories. ZERO Syrup comes in three sizes: 50ml sample(Rp10K), 250ml(Rp39K), 550ml(Rp69K). ZERO Syrup comes in 16 flavors as of now:
